- Experienced in AutoCAD Design
- Experienced in Revit Design and 3D Modeling
- Experienced in Lumion Rendering Software
- Experienced in Enscape Rendering Software
- Experienced in ArchiCad
- Experienced in Chief Architect
- Skilled in Vectorworks Software
- Rhinoceros
- 3dMax
- Maya
- Adobe InDesign
- Adobe Illustrator
- Adobe Photoshop

Dynamic architectural professional with a proven track record in creating innovative 3D models and renderings for diverse projects at TSHD Architects. Expertise in AutoCAD, Revit, ArchiCAD, and BIM models ensures that all plans, elevations, sections, and working drawings adhere to the highest quality standards. A solid foundation in State Building Code Research and ADA requirements, along with experience in obtaining State and City Plan approvals, enhances the ability to manage complex architectural projects from initial consultation to final approval. Academic projects such as 'The Healing Place' rehabilitation center demonstrate a commitment to integrating biophilic and technology-driven designs that promote well-being and productivity within functional spaces.

Work history

Architectural CADD Designer

TSHD ARCHITECTS, Portsmouth, OH

July 2023 - Current

- Utilized AutoCAD, Revit, ArchiCad and BIM Software to assist with client designs, including floor plans, elevations, sections, MEP and structural drawings.
- Completed State Building Code Research, ADA requirements for State and City Plan Approvals for Projects. Completed correction letters. Continued to monitor status of projects until Final Approval of Plans.
- Conducted site visits for project design needs. Included site measurements, site survey, taking photos for reference details that needed to be changed, repaired or removed.
- Participate in Construction Administration meetings.
- Consulted with clients to obtain design requirements and continued through the project completion with feedback and updates until final drawings were delivered.
- Completed Client Proposal Letters for Project Work.
- Completed Cost Estimates for Renovation Project.
- Continue to document AXP hours for AIA License requirements. I have passed the Practice Management Exam.
- Created 3d Models to provide photorealistic renderings for project marketing and client visualization.

Education

Academy of Art University at San Francisco, CA

Masters Of Architecture in Architectural Design January 2020

Architecture Program

Columbus State Community College at Columbus, OH

Architecture January 2013

Morehead State University at Morehead, KY

Bachelor of Business in Business May 1986

Student Academic Experience

- Academic Experience
- 2013 - 2019
- Completed Thesis: Project: The Healing Place is a rehabilitation center focusing recovery of patients. The core of the healing center is its connection to nature and biophilic design. Creating architecture that engages itself with nature is the design goal.

Volunteer Work

Volunteer Experience: 12/2024 - Present

- NCARB Community Based Design Center/Collaborative: Scioto County Heritage Museum Campus Planning. Scope: Prepare architectural drawings for two existing buildings that were donated to the museum . Assist in designing a campus plan to include new buildings to house historical documents and artifacts representing the history of Scioto County. This will include measuring and reviewing existing houses to determine needed repairs and renovations for new use. Researching regulations for historical architecture and following guidelines for repair.
